Future Women Platinum+

Leadership Training Program

Digital-First Membership

Future Women is a professional development club that offers virtual events, leadership training and a curated digital network to its members. Our community includes ambitious women working in government, business and the not-for-profit sector. We have created an exclusive online space where members can connect with one another, learn from Australia's most influential individuals and hone the leadership skills they need for the future. Our network is growing rapidly in size and influence. In fact, some of your employees may already be casual members!

We propel women's professional journeys to the next level through digitally-based skills development, simultaneously building both their confidence and their networks. This unique program is public recognition of your organisational commitment to nurturing female talent and investing in an equipped, diverse and more equal workforce.

"Companies in the top-quartile for gender diversity on executive teams were 21% more likely to outperform on profitability and 27% more likely to have superior value creation. The highest-performing companies on both profitability and diversity had more women in line roles than in staff roles on their executive teams." —McKinsey & Company 'Delivering Through Diversity' report, 2017

In praise of the Online Leaders Program:

"Excellent, practical activities that I can take away with me and implement in my career."

"The course didn't meet my expectations... it exceeded them. This was the best online learning environment I have ever experienced - both professionally and through personal studies."
